## **Background and Context**

In the later part of 2018 CMA Board members engaged in a review of the medium-term strategic role and objectives of CMA Scotland. The purpose was to take stock after several years of successful operations in Scotland and the opening of water competition in England, and to consider how the activities and efforts of CMA Scotland should be directed into the future.

This document reflects the outputs and conclusion of this strategic review in a format than can be shared with the wider set of CMA stakeholders, both internal and external.

#### **Intended Audience**

This document is intended to be read by several different audiences and serves multiple purposes as outlined in the table below:

| Audience                                   | Purpose  |
|--|--|
| CMA Scotland Board Members                 | To document the medium-term CMA Scotland         |
|  | strategy as set by the Board                     |
| CMA Scotland Employees                     | To help frame their day-to-day activities within |
|  | the context of CMA Scotland's medium-term        |
|  | strategy   |
| External CMA Scotland stakeholders e.g.    | To understand the medium-term CMA Scotland       |
| Licence Providers, Scottish Water and WICS | strategy   |

#### **Mission Statement**

The following statement is intended to capture the high-level objectives of CMA and guide the activities of the business.

"The CMA Scotland Mission is to facilitate a reliable, secure and sustainable retail market for water and wastewater services at an affordable price, while exploiting developments in technology and market operations to improve service and meet the demands of our stakeholders."

# Strategic Objectives

The strategic objectives relate to CMA obligations (1-3), participant obligations (4&5), and wider stakeholder interests (6-8).

- 1. To ensure that CMA is fully compliant with all its obligations under Part 2 of the Market Code.
- 2. To ensure that costs are maintained at the lowest level possible, consistent with full compliance with the Market Code and a service quality that meets participant expectations.
- 3. To ensure that settlement is accurate and timely, given the quality of market data.
- 4. To facilitate participant compliance with the Market Code by providing systems and processes that allow easy transacting.
- 5. To positively engage with stakeholders to understand their requirements and preferences and to communicate to them information about market and CMA performance.
- 6. To provide impartial support for Scottish Water and Licence Providers in improving customer outcomes.
- 7. To support environmental initiatives by using the Central Systems to provide relevant analysis and data.
- 8. To be an equal opportunity employer that promotes a climate of diversity and inclusion, is supportive of staff development, and offers employment opportunities in Scotland.

#### Activities and timetable

The following activities will support the achievement of the strategic objectives:

Strategic Objectives 1, 2, 3 (code obligations, cost control, settlement accuracy)

| No. | Action                                 | Approach  | Timeframe | Comment   |
|-----|--|---|-----------|---|
| i.  | Re-procurement of IT service providers | Full competitive<br>tender  | End 2019  | Planning assumes a full OJEU process. The scale of the reprocurement may be reduced depending on the level of response to the initial notice. |
| ii. | Technological refresh                  | Incorporate elements into new contract specifications; standalone developments in parallel. | 2020/2021 | Initial Technology<br>Review will guide the<br>scope of the refresh.  |

#### Strategic Objective 4 (facilitating participant compliance)

| No.  | Action                 | Approach              | Timeframe               | Comment                |
|------|------------------------|-----------------------|-------------------------|------------------------|
| iii. | Development of the     | CMA to lead, MPF to   | Ongoing:                | Linked to the          |
|      | Central Systems        | represent user views. | Sep 2019 update LVI     | technical refresh and  |
|      | interface              |                       | GUI - 'mobile friendly' | the expression of user |
|      |                        |                       | Release.                | preferences, for       |
|      |                        |                       | Sep 2019 style          | example through the    |
|      |                        |                       | makeover.               | user survey.           |
| iv.  | Consider               | MPF to consider       | 2019/2020               | CMA to provide         |
|      | systematization of     | options, Technical    |                         | opportunities for      |
|      | bilateral interactions | Panel to develop and  |                         | participants to        |
|      |                        | approve any change.   |                         | express their          |
|      |                        |                       |                         | preferences.           |

#### Strategic Objective 5 (engagement with stakeholders)

| No.  | Action                 | Approach           | Timeframe            | Comment                            |
|------|------------------------|--------------------|----------------------|------------------------------------|
| ٧.   | Continue with          | Work with CMA      | On-going:            | Maintain a formal                  |

## Summary Timetable Plan

An outline plan for the implementation of our medium-term strategy is set out below. This is intended to be indicative, and it should be noted that the timing and scope of activities are likely to change depending on initial results in each workstream and stakeholder feedback.

A technology review is currently underway, and this will be used to inform the IT service reprocurement and the subsequent technology refresh. The IT service re-procurement is necessary as the current contract period is expiring, although there remains some uncertainty around the scope of the exercise.

Several service and solution enhancements are shown and will be considered during the period, including: iii. Enhance CS Interface, iv. Bi-lateral interactions, vii. Market Performance Data, viii. Market Audit Analysis & Reporting, ix. CMA Service Hours.

We will continue to develop our data analytics capability during the first half of the period, with elements of this being facilitated by our Market Audit work. As a part of this we will explore the potential for wider application of CMA expertise in the interests of stakeholders.

Staff training & development will be undertaken at appropriate times to fit around project delivery and service demands.

Finally, work on building strong 3<sup>rd</sup> party relationships will continue throughout the period.
