2. MARKET CODE CHANGE PROPOSAL DETAILS				
A	ISSUE or DEFECT WHICH THIS MARKET CODE CHANGE PROPOSAL SEEKS TO ADDRESS required under Market Code Part 8.7.1 (ii) (b)			
<p>The Market Data Set (MDS) was originally developed to provide new entrants and potential new entrants information about the Market. It still provides that function, but is increasingly used for other purposes including the checking of data in the Central Systems, and the checking of Meter Rollovers.</p> <p>It is partially specified in a guidance note; but the guidance note is not complete in that it does not specify the rules for the data to be extracted. Additionally, it is known that certain information (in particular pertaining to meter networks) is not currently extracted.</p> <p>The proposal is to include the specification of the existing extract within the Market Documents. The specification will include the rules for the data to be extracted.</p>				

B	DESCRIPTION OF NATURE AND PURPOSE OF THE CHANGE AND HOW IT MEETS THE MARKET CODE OBJECTIVES AND PRINCIPLES FOR THE MARKET DOCUMENTS required under Market Code Part 8.7.1 (ii) (c)								
<p>The Proposer should indicate which principles the change supports and whether there is any adverse effect on any principle(s).</p> <table border="0"> <tr> <td>a) Proportionality</td> <td>e) Barriers to entry</td> </tr> <tr> <td>b) Transparency</td> <td>f) Customer contact</td> </tr> <tr> <td>c) Simplicity, cost-effectiveness and security</td> <td>g) Non-discrimination</td> </tr> <tr> <td>d) Non-exclusivity</td> <td>h) Not detrimental to Scottish Water's core functions</td> </tr> </table>		a) Proportionality	e) Barriers to entry	b) Transparency	f) Customer contact	c) Simplicity, cost-effectiveness and security	g) Non-discrimination	d) Non-exclusivity	h) Not detrimental to Scottish Water's core functions
a) Proportionality	e) Barriers to entry								
b) Transparency	f) Customer contact								
c) Simplicity, cost-effectiveness and security	g) Non-discrimination								
d) Non-exclusivity	h) Not detrimental to Scottish Water's core functions								
<p>The change is proportional to the benefits: it will bring in market confidence and will improve transparency by improving the Market Data Set available to participants. The change is not detrimental to SW's core functions</p>									
C	IMPACT – required under Market Code Part 8.7.1 (ii) (d), (f) and (g)								
<p>The Proposer should indicate the sections of the Market Code affected, whether the Operational Code or CSDs, Wholesale Services Agreement or License is impacted and whether there are likely to be implications on:</p> <table border="0"> <tr> <td>a) Central Systems</td> <td>c) CMA Interfaces/ Processes</td> </tr> <tr> <td>b) Trading Party's systems</td> <td>d) Trading Party's business processes</td> </tr> </table>		a) Central Systems	c) CMA Interfaces/ Processes	b) Trading Party's systems	d) Trading Party's business processes				
a) Central Systems	c) CMA Interfaces/ Processes								
b) Trading Party's systems	d) Trading Party's business processes								
<p>These documentation changes will specify the current MDS hence there will be no impact on the Central Systems or CMA Interfaces/Processes. Similarly there is no direct impact on Trading Party's processes and systems</p>									
D	DRAFT LEGAL TEXT – required under Market Code Part 8.7.1 (ii) (d)								
<p>The MDS does not sit naturally within any of the current CSDs. The CMA propose that a new CSD be added to the Market Code which would deal with the provision of the MDS, and potentially other future standing reports and data extracts.</p> <p>The changes to the Market Code and the New CSD are set out in the appendix to this document.</p>									
<p>3. IMPLEMENTATION DETAILS - PROPOSED IMPLEMENTATION DATE OR LEAD TIME</p>									
<p>Timescale must not overlap with the period of consultation with the Commission and should take account of the impacts identified in Section C. Any quoted lead time should commence from date of approval.</p>									
<p>It is proposed that this change is implemented as soon as is practical after this MCCP has been approved after the consultation period.</p>									
<p>4. ANY OTHER COMMENTS</p>
