Form J - Application for a Water Connection for Building Work/Site Accommodation from a Licensed Provider

Water and/or Wastewater for Building Work/Site Accommodation for Commercial House Building and Business and Industrial Developments

1- Notes on provision of water for Building Work purposes

Charge for water used on building work will be charged in accordance with the Scottish Water Wholesale Charges Scheme.

Where the site is already provided with a meter, water for Building Work purposes may be charged at metered water rates in accordance with the Scottish Water Wholesale Charges Scheme. Where there is no existing meter on the site, the appropriate unmeasured charge in the Scottish Water Wholesale Charges Scheme will apply.

Where a temporary communication pipe is installed solely for a supply for Building Work and is not required to be a permanent supply, the cost of removing the pipe, valve, branch and any other fittings and of restoring the surface of the road and any other necessary work will be charged to the customer.
